Re: Case No. 2005-00369
City of Versailles, Kentucky

Dear Mr. Moore:

I am writing to follow up on two matters addressed in my letter of February 10, 2006. First, Commission Staff has revised Item 9 of its "Deficiencies – Suggested Revisions." The revised Item 9 is attached. Second, Commission Staff has not received any objections to the proposed procedural schedule attached to my earlier letter. In the absence of any objections, Commission Staff will advise the Commission that procedural schedule is acceptable to the City of Versailles.

If you have any questions regarding this letter, please contact me at (502) 564-3940, extension 259.

Sincerely,

Gerald E. Wuetcher
Assistant General Counsel

DEFICIENCIES - SUGGESTED REVISIONS

9. **Response to Item 13.** In its initial response, Versailles indicated that 94 percent of its total water mains were used to provide wholesale water service. Such an amount is unusually large. Versailles should review its initial submission and confirm its initial response. Versailles should also state for each size of main the total miles of main that are dedicated solely to serve a wholesale customer. **(Versailles should complete the table below. If Versailles owns and operates any water mains whose size is not listed in this table, it should list that main size(s) and provide the requested information. Water main size of 24" has been added to the Table.)**

Water Main Size	Total Miles Of Line	Miles Of Lines Used By Versailles To Serve Its Wholesale Customers	Miles Of Lines Solely Used By Versailles To Serve Its Wholesale Customers
24"
